

NASA-UMBC Interaction Days

Brad Cenko - NASA Goddard Space Flight Center

NASA-UMBC Interaction Days - Day 1

- We are excited to be here!
- Please **interact** with us!
- Subsequent talks will describe ongoing research and activities at NASA Goddard Space Flight Center (GSFC), but this is just one of ten NASA centers (plus Headquarters)
- This talk: how to get involved

For students

- Internships - (almost) any age, year-round, multi-year, ...
 - For US citizens: <https://intern.nasa.gov>
 - Pathways Program: multi-semester internship that often converts into employment
 - For foreign nationals: <https://cresst2.umd.edu>
 - Restrictions on applicants from “designated” countries

For faculty

- MOSAICS (formerly SMD Bridge Program)
 - Primary goal: sustainable partnerships between NASA and Minority Serving Institutions (MSIs)
 - Funding for science / engineering students with goal of transitioning to graduate school or NASA employment
 - More details:
 - <https://science.nasa.gov/researchers/smd-bridge-program/>
 -

Thank you and (quick) questions
